SUMMARY

I am Sahil Kumar, I'm a passionate developer who started coding at a young age.
My journey in programming began with Python, and I quickly developed an interest in Data Science and Machine Learning.

PROJECTS

1.CleanSheet – Excel Data Cleaner
Python + Pandas + Tkinter app to clean messy Excel data. Automates removal of duplicates, missing values, and formatting issues.

2.House Price Prediction
Machine Learning project using Linear Regression to predict house prices based on multiple factors like location, size, and amenities.

3.Business Profit Prediction
ML project to predict business profit based on investment in R&D, marketing, and administration using Multiple Linear Regression.

4.ML Showcase Web App
Flask-based app showcasing Regression, Classification, and Clustering models. Allows training & predictions through user input.

EDUCATION

IGNOU UNIVERSITY	BCA	(IGNOU)	(2025-2028)
GBSSS DHARAMPURA	SENIOR SECONDARY	(CBSE)	(2024-2025)
GBSSS NANGLI SAKRAWATI	SECONDARY	(CBSE)	(2022-2023)

TECHNICAL SKILL

Programming
- Python , SQL , PHP , JavaScript , HTML , CSS , Flask

Frameworks & Libraries
- Pandas , NumPy , Matplotlib , Scikit-learn , Tkinter , Bootstrap , Seaborn , Tensorflow

Tools & Specializations
- Git , MySQL , Power BI , Jupyter , Data Cleaning , ML Models , EDA

CERTIFICATES

TECHNICAL TRAINING : DATA SCIENCE AND AI
- MMIIT Training Centre Dwarka Mor New Delhi

FREEDOM EMPLOYABILITY ACADEMY (FEA) TRAINING
- Completed training from FEA, focused on spoken English, communication skills, confidence building, and personality development.
